Stevenson Addresses U.N. On Deepening Asia Crisis

UNITED NATIONS, N.Y. (AP)—Adlai E. Stevenson takes the offensive for the United States in the U.N. Security Council today with an "extremely important speech" on the deepening crisis in Southeast Asia.

The U.S. chief delegate was summoned home from a European tour to speak in the Security Council debate on Cambodia's charges that U.S. and South Vietnamese forces had attacked Cambodian villages. But Stevenson told newsmen he would discuss the "rapidly deteriorating situation in Southeast Asia," where the Communists are routing neutralist forces in Laos and battling the pro-Western regime in South Viet Nam.

When the council opened debate Tuesday, the United States

accused the Soviet Union of trying to enlarge the discussion of Cambodia's charges to "a general examination of the role of the United States in the war in Viet Nam."

Later, with word of the continuing Communist military success in Laos, the United States apparently decided to turn the council to a general examination of Southeast Asia.

U.S. officials were reported to believe, however, that it will take more than words to convince the Asian Communists that the United States will not permit the Reds to take over Southeast Asia.

The State Department moved to clear the way for any decision President Johnson may reach on dealing with this threat. It warned that the United

States is willing to take any measures that may be necessary to preserve the independence and neutrality of Laos.

The statement indicated the United States had abandoned its stand of stopping short of military intervention in Laos.

In Laos, Prince Souphanouvong, the leader of the Communists, offered peace terms. With his Pathet Lao troops in control of the strategic Plaine des Jarres and nearly 60 per cent of the rest of Laos, the Red prince offered neutralist Premier Souvanna Phouma his support and cooperation if Souvanna punishes right-wing military leaders who seized control of Vientiane, the Laotian capital, in a coup on April 19.

France Wednesday called on Britain and the Soviet Union, as co-chairmen of the Geneva conference on Laos, to convene another meeting of the 14 nations that guaranteed Laotian neutrality in 1962.

Foreign Minister Chen Yi of Red China said last week that the Geneva conference might have to be reconvened. The Soviet Union also favors this step.

Red China cited the 1962 Geneva accords on Tuesday when Britain asked for help in pacifying the divided kingdom.

32 Overpass Damage Claims Are Settled

\$182,480 Over-all Amount; 7 Others Still Debated

Seven damage claims filed by owners of property along the W. State St. overpass route and totaling about \$500,000, still remain to be settled, according to Van J. Adamson, acquisition supervisor for Division 11 of the State Highway Department at New Philadelphia.

Adamson said the state's estimate of the amount of damages to be paid is considerably lower — actually less than half — than the claims. One claim alone is for \$250,000, he remarked.

Thirty-two settlements have been made at a cost to the state of \$182,480.

Adamson noted that if the remaining settlements are taken to court for settlement, the burden of proof lies with the individual rather than the state. "In regular damage suits," he pointed out, "the state must prove its estimates, but in grade separation cases the state's estimate must be proven incorrect by the property owners."

Earl Nelson, State Highway Division 11 director, noting that the last of the concrete was poured on the deck of the structure last week, said he believes it will be open for traffic by June 1.

"We want to get it open as soon as possible," Nelson remarked, "even if there is still work to be done down below."

Nelson added that all that is necessary to get the overpass in operation is a formal request from the contractor, the A. P. O'Horo Co. "Once we receive the request we will make an inspection and if everything is all right, it will be opened."

Officials of the O'Horo firm have indicated that they will make such a request when they feel the necessary work has been completed.

Easier Election Test Sought

Amendment OK'd By Georgia Senate

ATLANTA, Ga. (AP)—A proposed change in election laws that could add thousands of Negroes to Georgia's voter rolls by making it easier to register has been steered through the State Senate by its lone Negro member.

An amendment offered by Sen. Leroy Johnson of Atlanta—the only Negro lawmaker in Georgia since Reconstruction, was approved Wednesday by the Senate 35-2. It would simplify questions posed to illiterates.

But House Speaker George T. Smith predicted that it will be at least two weeks before his chamber will get the proposal.

The Senate is not yet a third of the way through the long election code revision, which now includes Johnson's amendment, and the House also must finish work on a proposed new state constitution before taking up the new election laws.

The Johnson amendment proposed to turn to TEST, Page 10

Tax Delinquency Rate Lower Here, Industrialists Told

A report that tax delinquency on real and personal property assessments is much lower in Salem than in the rest of Columbiana County was given by R. G. Fennema at the Salem Manufacturers Association meeting held Wednesday noon at the Lape Hotel.

Fennema, production manager at the E. W. Bliss Co. plant, quoted information supplied by County Treasurer Vincent Judge.

Re-evaluation claims were blamed for the high delinquency in tax payments elsewhere in the county.

The industrialists expressed appreciation for City Council's work generally and gave approval to Council's ordinance to give wage increases to municipal employees.

Concern over the police protection the city is getting was expressed. Representatives from the manufacturing group will be appointed to serve on a Chamber of Commerce committee to make a further study of the problem.

Judy Garland Hooted, Stalks Off Stage

MELBOURNE, Australia (AP)—By the time the orchestra played "Over The Rainbow," the audience was hooting and Judy Garland had stalked off stage.

The four notes didn't end with Miss Garland's concert Wednesday night.

The boxoffice was besieged for refunds today and the head of the Musicians' Union said the Australian orchestra that accompanied the singer had never been so humiliated.

Miss Garland herself commented, "I didn't like it, did you?"

The American singer's travail began when she arrived an hour late. Her manager blamed it on a sore throat. "You're late" and "Have another brandy," hecklers shouted.

Despite some fluffed notes.

Salem Boy Hit By Car, Injured

3 Persons Hurt In Crash Near Canfield

A four-year-old Salem boy was hurt, not seriously, when he was struck by a local car Wednesday at 6:15 p.m. a mile south of the city limits on Depot Rd.

Matthew Sampson Jr., son of Mr. and Mrs. Matthew Sampson of 940 S. Ellsworth Ave., was treated at Central Clinic Hospital for abrasions of the head and a cut on the right leg and released.

His mother said her son was playing at a neighbor's house when the mishap occurred.

The Lisbon barracks of the State Highway Patrol reported Matthew was hit by a car operated by Dean William Hippley, 18, of RD 4, Lisbon, headed north on County Rd. 410 when the boy dashed in front of his vehicle. Hippley applied his brakes and was almost stopped when the auto hit the youth.

The motorist was not held.

Three Hurt Near Canfield

Three Mahoning County persons were injured in a two-car crash at the intersection of Racoon Rd. and Route 62, north east of Canfield, at 7:45 p.m. Wednesday.

Treated at St. Elizabeth's Hospital in Youngstown were Joseph Sabados, 55, of Youngstown, whiplash of the neck; his son, Joseph Jr., 17, chin cuts; and Helen Schenk, 42, also of Youngstown, lacerations of the knees and contusions of the chest and head.

She was cited for failing to yield the right of way after she went left of center while making a turn at the crossroads, striking the Sabados auto, driven by the youth.

Two district young people escaped injury in a sideswiping mishap last night at 9:20 on Route 534, north of Garfield and just south of Route 165.

Wounds Six In Nassau

Crazed Man Kills 7 With Shotgun

NASSAU, Bahamas (AP)—A man with a shotgun rampaged through Nassau's southern suburbs Wednesday night killing seven persons — including himself — and wounding six in a two-hour automobile foray.

"It was one of the worst nights in my experience," said Chief Criminal Investigator Stanley Moir.

Dozens of police, who had cordoned off a two-square-mile area and searched it in vain for the slayer, found Ruben Rolle, 30, in his home, dead of shotgun wounds. The weapon lay nearby.

Police Commissioner Nigel Morris said authorities did not establish a motive immediately but "the first person he shot was his wife."

Police said Rolle went berserk, took a friend's automobile and roared through South Nassau, leaving a wake of bodies, and terrified telephone callers beseeching police help.

All those slain except Mrs. Rolle were men. The hospitalized people all were neighbors. Police hoped some would be able to give them an inkling of what touched off the shootings.

The bloody shooting spree indirectly brought about one additional death. Alfred Glinton, a resident who went to the aid of wounded victims, dropped dead apparently from a heart attack induced by excitement.

Rolle, a carpenter, and all his victims were Negroes.

Awards Due At June 6 Banquet

Alumni Assn. to Decide Scholarship Winners

The scholarship committee of the Salem Alumni Association will decide Monday night on the recipients of this year's college scholarships to be awarded to several graduating Salem seniors at the 84th annual alumni banquet June 6.

Judge Joel H. Sharp, committee chairman, will conduct the session at which applications will be reviewed.

It is expected that about a half dozen graduates from out of the class of 223 will be selected for the honors. Last year seven scholarships worth a total of \$3,000 were granted with Darryl Everett, a pre-medical student at Ohio State University, receiving the largest sum of \$700. Kay Koontz received the second largest amount, \$600. Other scholarship denominations were three for \$500 each and two for \$100 (to the Salem Academic Center of Kent State University).

The total amount of scholarship money to be distributed this year is expected to be slightly larger than last.

Scheduled for special recognition at the event besides the scholarship recipients are an outstanding alumnus of Salem High School and the Class of 1914, observing its Golden Anniversary this year.

Frost Hits As Mercury Nosedives

Scattered frost hit some sections of the district last night as temperatures dipped into the 30s.

The mercury's descent occurred as unseasonably cold Canadian air settled over the northern counties of the state.

The low reading in this area was 37. Temperatures were in the 40s in the southern and central counties.

Fair weather was to continue through Friday but with some moderation by this afternoon, when temperatures in the 70s were predicted.

A warm front was to bring a sharp rise in temperatures Friday and afternoon readings were to reach the 80s accompanied by higher humidity.

Salem Worker Plunges From House Roof

North Lima Tot Tumbles From Mother's Auto

A Salem man and a North Lima baby were killed Wednesday in separate accidents, both the result of falls.

Raymond A. Zimmerman, 66, of the Ellsworth Road, died at 5:40 p.m. Wednesday in the Central Clinic Hospital of injuries suffered two hours earlier when he fell from a roof he was repairing at 338 W. 7th St.

He was employed by the Zimmerman Furnace and Roofing Co. of Greenford, owned and operated by his son, Earl E. Zimmerman of RD 5, Salem, who witnessed his father's fatal plunge.

Mr. Zimmerman and his son were at work atop the roof of the Harry Beiling residence when the elder Zimmerman slipped and fell onto some ladders on the ground 25 feet below.

Dr. William Kolozsi, Columbiana county coroner, said Mr. Zimmerman died as the result of internal injuries and multiple fractures.

Russell Lorin Dunlap, 18-month-old son of Mr. and Mrs. James Dunlap of RD 1, North Lima, died in Youngstown South Side Hospital at 1:10 a.m. today, four hours after he fell from the family car.

Mrs. Dunlap told Mahoning sheriff's deputies she was backing the car out of the driveway at home when the door on the passenger's side came open and the child fell to the pavement.

Zimmerman Funeral Set
Mr. Zimmerman was born in New Albany Dec. 1, 1897, the son of Edward and Nettie Weaver Zimmerman. He had lived in the area all his life and was a member of the Lisbon Eagles Lodge. His wife, Florence Toot Zimmerman, died in 1957.

Besides his son, he is survived by a daughter, Mrs. William Callahan of RD 4, Salem; a brother, Glenn Zimmerman of RD 1, Columbiana, and five grandchildren.

Services will be Saturday at 3 p.m. at the Arbaugh - Pearce Funeral Home in charge of Rev. Richard Mackay, pastor of the Greenford Evangelical Lutheran Church. Interment will be in Hope Cemetery.

Friends may call at the funeral home Friday evening.

Baby's Funeral Friday
Services for the Dunlap child will be held at 1:30 p.m. Friday at the Seedy-Bellhart Funeral Home in North Lima with Rev. Richard Braun officiating. Friends may call this evening at the funeral home. Burial will be in North Lima cemetery.

The defendant, William Collins of Peppertown, received a 2-to-21 year sentence in the state prison for the fatal shooting of Harold Reams, 26, following a breakfast argument last December.

Collins' daughter married Reams after her first husband's death. Collins was living with the couple when the second slaying occurred.

Well-Kept Secret?

Exile Junta Mentions No Attack on Cuba

MIAMI, Fla. (AP)—The long-promised attack on Communist Cuba by the Revolutionary Junta, an exile group, appeared today to be something for the future—or a well-kept secret.

The junta, at the end of Cuba's May 20 independence anniversary on which it planned to have men fighting in Cuba, issued a statement which did not mention any attacks by its forces.

Luxury Office of General Under Congress Scrutiny

DETROIT (AP)—Yes, that's correct. Silk wallpaper adorns the bathroom of an Army general's office.

On the other hand, said Maj. Gen. Alden K. Sibley, the office occupant, the wallpaper cost less than tiling originally planned for the bathroom.

And the bathroom is small—"barely adequate" for the 20 people who use it daily, the general said.

Gen. Sibley's office bathroom and other appurtenances of his Army Mobility Command at suburban Warren came up for congressional review at Washington.

Rep. John J. McFall, D-Calif., raised a question of the general's "exotic taste" in hearing testimony made public Wednesday.

A request for \$245,800 for additional modifications to Sibley's headquarters was under consideration.

Other headquarters items mentioned included a lavatory vanity, walnut paneling, vinyl tile, and \$2,264 in carpeting to place over the tile.

Gen. Sibley, 53, former Rhodes scholar who holds degrees in theoretical and nuclear physics, said there was "absolutely nothing elaborate" about his office.

Rogelio Cisneros, chief in exile of the junta, told reporters one of the organization's objectives—harassing the Fidel Castro dictatorship—had been achieved, "especially from the point of view of psychological warfare."

A Havana dispatch said the military had been placed on alert, with all leaves canceled.

"The threats of attack have served a magnificent purpose in forcing extraordinary measures upon the Castro regime and doubtless producing widespread unrest and chaos in the already-floundering Cuban economy," said another exile leader.

There was a flurry of rumors about sabotage and minor forays by junta forces led by Manuel Ray. But the Havana regime's radio confirmed none of them. Exiles recalled, however, that it took Havana radio 15 hours to confirm last week's attack on a sugar mill by an exile group.

The junta's statement appealed to all Cuban exiles to help the fight to overthrow Castro.

"Popular victory does not come in the form of spectacular invasion," it added.

No action was announced by two other leading militant forces among the exiles, the Revolutionary Recovery Movement, which attacked the sugar mill, and the forces headed by guerrilla fighter Eloy Gutierrez Menoyo.

Various reports circulated in Miami about events purportedly occurring in Cuba but there was no confirmation from Havana.

Enough Votes To Pass Rights Bill Claimed

WASHINGTON (AP)—Senate Democratic and Republican leaders claim enough votes are in sight to halt the Southern filibuster and pass the civil rights bill next month.

The optimistic forecast came from Sens. Hubert H. Humphrey, the assistant Democratic leader and floor manager for the bill, and Everett M. Dirksen, the Republican leader and chief architect of a package of amendments designed to win over undecided senators.

With the showdown put off until early June, the leadership called on the Senate Appropriations Committee and others to catch up on their big backlog of bills until the civil rights fire-works start again.

The Senate is no longer being called in two hours early, and Saturday sessions may be abandoned.

Humphrey told reporters, "We will most likely file a cloture petition early in June."

"As we see it," the Minnesota added, "we will have enough votes to obtain cloture on the package."

Dirksen, in a separate interview, said he too hopes that once the cloture petition is offered there will be enough votes to limit debate. But, he added, "I must acknowledge the margin will be narrow."

Cloture is a device for choking off debate in the Senate. It requires a two-thirds majority of the senators voting—67 if all 100 are on hand.

Sen. Richard B. Russell, D-Ga., leader of the Dixie forces fighting the bill, told a reporter: "Pressure is increasing daily on senators to support the bill. Pressure also is increasing for the gag rule."

"I, therefore, make no claim as to being able to beat the gag rule or the bill."

He said the Southerners will keep on fighting, and declared: "Given time, the American people will make their views felt."

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

'Word Blindness' Is Complex

The 13-year-old grandson of a reader is being held back in school because he is word-blind. He reads like a boy of 6.

Dr. Brandstadt

Word blindness is a complex problem because it may be the result of defective vision or hearing, a glandular disturbance, a bad start in early grades or some emotional strain. Most victims are boys.

Often they have normal intelligence despite the fact that teachers, parents and classmates are likely to consider them not bright. The earlier remedial measures are taken the better. They should be started long before the child reaches 13.

This boy should have a thorough physical and psychological examination to discover the causes, so that he can be given special attention. Regardless of the cause, however, it is necessary to bolster the child's ego. Special tutoring in phonetic reading should be given.

It often takes a year or two before any improvement is seen even with the best of care. In planning for the child's future, it must be recognized that, no matter how much progress he makes, reading will never be one of his strong points.

Q—Our son, 6, has frequent colds. He has been given Thorazine three times a day for a long time. Is it safe to give

this drug to a child year after year?

A—Chlorpromazine (Thorazine) is a tranquilizer. A 6-year-old child who is so severely disturbed emotionally as to need this powerful drug should have psychiatric care.

Q—Our daughter is 18 months old. For the past 18 months she has had a hard time moving her bowels. She screams when she passes a hard dry stool and sometimes it has blood on it. My doctor told me not to worry about it. He had me give her laxatives and plenty of water.

A—Be sure your daughter gets some vegetable and fruit at least twice a day. Withhold foods she likes until she finishes her vegetables and fruit. When the stools are hard use an infant size glycerin suppository or a three-ounce water enema. Give her plenty of water to drink but discontinue all laxatives.

Have Cars Checked, Police Chief Urges

Police Chief Martin Lutsch today reminded drivers that May is the start of the peak driving season and suggested that all motorists have their vehicles checked for mechanical defects.

Lutsch said that burned out light bulbs are the biggest cause for rejection of autos at safety checks.

"It's easy to have your lights checked," he pointed out. "All you have to do is ask a service station attendant to look at them when you test your headlights, brake lights, parking lights and turn signals."

Bowden, Mansfield In Utility Moves

Charles S. Bowden, executive vice president of Pennsylvania Power Co., has been elected president of the company by its board of directors, effective July 1, upon the retirement of Walter H. Sammis.

D. Bruce Mansfield of Akron, who was recently elected to succeed Sammis as president of Ohio Edison, has been elected a director and chairman of the board of Pennsylvania Power Co.

Sammis will continue as a director of the company and also as a director of Ohio Edison Co., of which Pennsylvania Power is a subsidiary.

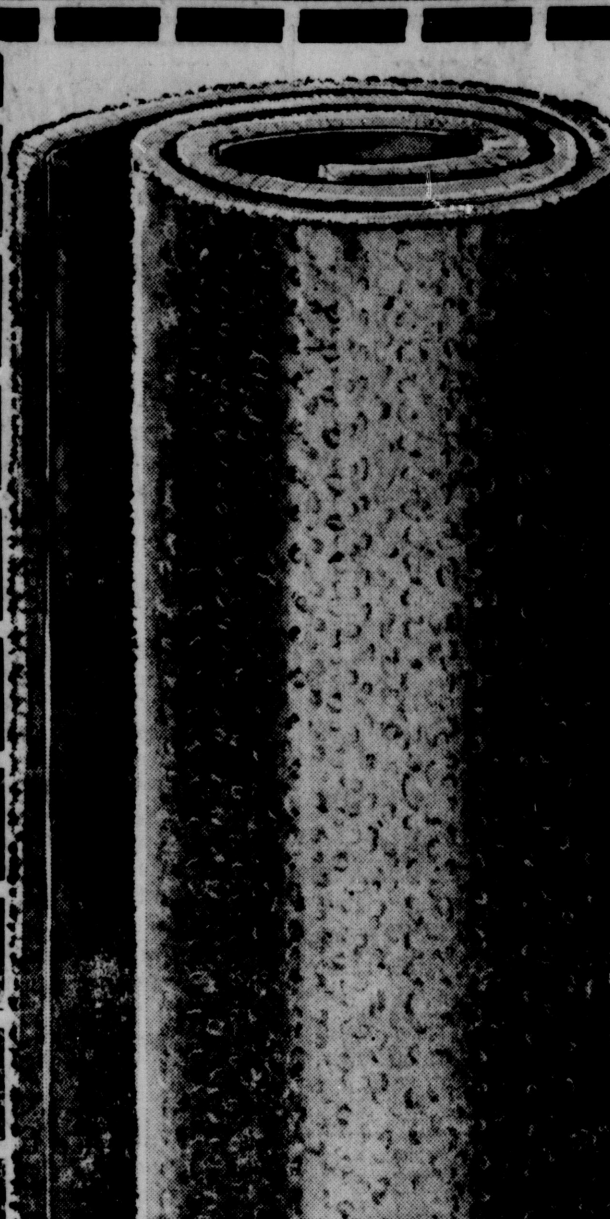

The road runner is a bird of the deserts of northwest South America, Mexico and southern United States. It runs with head lowered and tail horizontal, stopping from time to time, when the tail assumes an almost vertical position. The road runner belongs to the cuckoo family.

NEW KIND OF STAMP
PORTLAND, Ore. (AP) — A correspondent who wrote to the Oregon Journal had a nickel but apparently didn't have a stamp. So the writer taped the five-cent piece on the envelope with a note "Please stamp for me." The letter came right through with the nickel intact but the note canceled by the post office.

Hints From

Heloise

By HELOISE CRUSE

Hear Heloise: Do you ever have a batch of odd, but good nylong stockings and not one is the same color? Can't find a matching pair in the whole lot? Well, don't panic! Here's what I did when this happened to me.

First, I gathered up all of the mesh stockings into water cool with the nylons still in the pot.

one group, all of the seamed stockings in another group, and then the rest of the nylons.

I took one group at a time and put them in boiling water (using an enamel pot), added about three heaping tablespoons of salt, and let boil one minute, I turned off the heat and let the water cool with the nylons still in the pot.

After the water cooled, I removed the stockings and rinsed as usual.

Presto, they are all the same color!

GALS: I used a stainless steel pan (one can use enamel or glass) and put the DRY stockings in rapidly boiling water. I boiled mine three minutes.

I stripped 14 stockings this way. Only two out of the batch didn't come out beautifully.

Some stockings just must have more dye than others, I guess.

Also, one cannot expect a black stocking to match a light tan one, but you can believe it that no one was more surprised than I was to end up with some good matched stockings.

Good, sweet, Joey. Thanks. HELOISE.

DEAR HELOISE: Here is a good trick I discovered when frying meat:

Just place a colander upside-down over the frying pan. It will keep the meat from splattering, but will also let the steam escape.

ELLA. DEAR HELOISE: When I enclose a card in wedding and shower gifts, I write on the blank side of the card — at the bottom — what I am giving; such as "Two yellow sheets," etc.

The brides and their families have said that this is the nicest thing to do for the bride or bride-to-be because it helps to prevent mix-ups in thanking the proper person for the right gift. I know, for my daughter was married this last year.

This is just an idea you may like to use.

A RECENT BRIDE'S MOTHER.

DEAR HELOISE: For those mothers who wish to have their dampened clothes stay damp . . . they will find that a regular size plastic pillowcase with a zipper . . . will do the job nicely!

Just put your dampened clothes in the plastic pillowcase, roll it up to get the air out before zipping up . . . roll it over and over and over to release the air . . . then zip it up! You will find your clothes evenly dampened after a short pe-

riod of time.

DOROTHY ROBERTS.

You are right, Dorothy! In this world would have thought of using plastic pillowcase covers to put dampened clothes in? They are heavier than the ordinary plastic bag.

You're a darling to write us. Bless you with all of my heart.

HELOISE.

DEAR HELOISE: For the women who use a slice of bread to hold the stuffing in chickens and turkeys . . . I would like to give them an idea:

Use stale bread, and before stuffing it into the fowl, rub the bread with garlic, and then butter it. This lends a most delicious taste to my stuffed chickens and turkeys.

ALMA C.

DEAR HELOISE: I wonder if your readers have ever filled empty plastic detergent bottles with stones or sand and used them for doorstops? They can be used for paper weights also!

DEAR HELOISE: I took your hint for using rubbing alcohol on the bathroom fixtures and it certainly does work well and saves loads of time.

One day I was vigorously scrubbing my stainless steel breadbox and canister set and thinking "There ought to be a better way" . . . and there sat the alcohol. Wow!

In five minutes I had every bit of stainless steel (and chrome, too) in the whole house absolutely sparkling.

JACKIE ARNOLD.

DEAR HELOISE: When icing an angel food cake or any kind of sponge cake with soft fluffy icing, it is best to cut the cake before icing it!

The icing does not stick to the knife and is much easier to cut. And the icing will hold the cake together.

BERTHA F.

DEAR HELOISE: When you wash your chenille bedspread . . . hang the chenille sides together. As the wind dries them and rubs them together they will look like new again. The friction fluffs the chenille.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: When my husband and I were married in 1961 he was in the army. I had a baby boy the first year and it was very rough on me physically. The doctor said I needed complete rest so my mother-in-law took the baby and I stayed with my folks for three months.

After that my mother-in-law encouraged me to go to Arkansas and be with my husband. She said she loved keeping the baby and that I shouldn't worry. My husband got out of the Army six months ago and now we have a nice little house. I'm expecting again and everything is fine—except we can't get our boy back from my mother-in-law.

She says the child is the most important thing in her life and if we take him she will die of a broken heart. Last night we had a big row. She called me selfish and cruel, said I'd have more children and would not miss this one.

Our son calls me "Auntie Lou" and my husband "Uncle

Jim." He thinks my mother-in-law is his mommy. Please tell me what to do before I lose my mind.—BIG MISTAKE.

Dear Mistake: Does your mother-in-law think that children are like waffles—the first one doesn't count? Quit horsing around and get your son back with you, where he belongs.

Your mother-in-law should take a foster child into her home since she seems to need to lavish love on a youngster. The local Family Service Association can direct her.

Natural Mistake

Dear Ann: I'm 24 years of age, but you'd never know it. I'm a size 7, with coal black hair and a pixie face. I could pass for 18 with no trouble, although I have two little girls.

The problem is that whenever my husband and I go out someone mistakes him for my father. Rudy is only 30 but his pot belly and bald head make

him look about 40.

I've tried high-styled clothes and severe hair-dos to make my self look older but they don't become me. I look as if I'm playing house. Rudy didn't say anything but I know he felt terrible when the waiter who took our order last night asked, "And now what would your beautiful daughter like for dessert?"

Do you have any suggestions or advice?—PATTY.

Dear Patty: This situation is going to get worse before it gets better. Wait till people begin to mistake his children for his grandchildren.

Rudy should keep his weight down, his spirits up, and his hat on—whenever possible.

Troubled Conscience

Dear Ann: My mother works part time in a bakery to buy extra things for the house. She keeps the money in a pickle jar behind the canned goods.

My 15-year-old sister helped herself to \$11 and bought a lace blouse to wear with her black

velvet skirt. She told me the blouse was on sale and she just couldn't pass it up. I promised I wouldn't say anything because she plans to put the money back as soon as she gets paid for her back baby-sitting jobs. Mom hasn't missed the money yet but one of these days I'm afraid she might. My conscience is bothering me. Should I tell Mom and get it off my mind?—LITTLE SISTER.

Dear Little Sister: You did nothing wrong so what's bugging you? Snitching wouldn't make you feel better but it could make you feel worse.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

vides that registrars approve prospective voters who answer correctly four of six comparatively easy questions. The amendment was substituted for a section that required illiterates to answer 20 of 30 more difficult questions correctly.

Less than one per cent of the Negroes applying under the 30-question standard have been able to register, Johnson said.

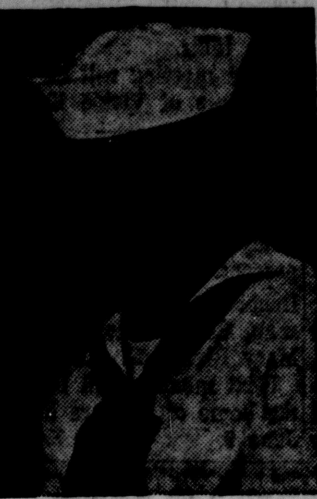

Johnson's amendment included these questions: Name the president of the U.S.; the vice president; the two U.S. senators from Georgia; governor of Georgia; members of the General Assembly who represent you, and the sheriff of your county. The questions now used include:

On what day and how often is the general election held in Georgia at which members of the General Assembly are elected; what is a Republican form of government; how does the Constitution of the United States provide that it may be amended; what does the Constitution of the United States provide regarding the suspension of the privilege of the writ of habeas corpus.

Smith declined to predict how the proposal might fare in the House, but said, "I think the 30 questions are ridiculous and there should be some changes. I'm in favor of something along that line, but I wouldn't want to be stuck with those exact questions before we get a chance to look at it."

However, the rural-dominated House probably will quickly return to the more stringent tests.

committee, has mailed invitations to those members of the 1914 class of 41 pupils she could locate. Surprisingly, most are still largely district residents with a few exceptions scattered as far as California.

Among this group are such well-known local persons as Judge Sharp, Holland Cameron, director of the School of Technology, Mrs. Mary Brian, realtor, and Mrs. George Peterson, retired Buckeye School principal.

Mrs. Whinnery would like information on the whereabouts of eight persons of that class so they can be notified. They are George Balauri, Ruth Bullard, Hughson Case, Flora Crossley Wagner, Beatrice McGuire, Murray Scott, Kenneth Smith and Vincent Smith. Persons with knowledge of their location are asked to call Mrs. Whinnery.

For Joseph Jr., president of the Alumni Association, said a committee is in the process of selecting the most outstanding of Salem's 7,748 graduates over the past 100 years.

most of the crowd of 7,000 was with her during the first half of the concert, her only performance in Melbourne. But some didn't appreciate her fidgeting with the microphone cable or her side banter.

"Sing, sing!" and "Get on with it!" a few shouted, and soon the auditorium resounded with slow, prodding clapping.

The audience's mood wasn't improved when Miss Garland took a half-hour intermission. She sang three more songs on her return, but the lyrics were fragmentary and the customers began drifting to the doors.

Miss Garland curtly left without any farewell, letting the orchestra play "Over the Rainbow"—her theme—by itself. The musicians departed amid howls.

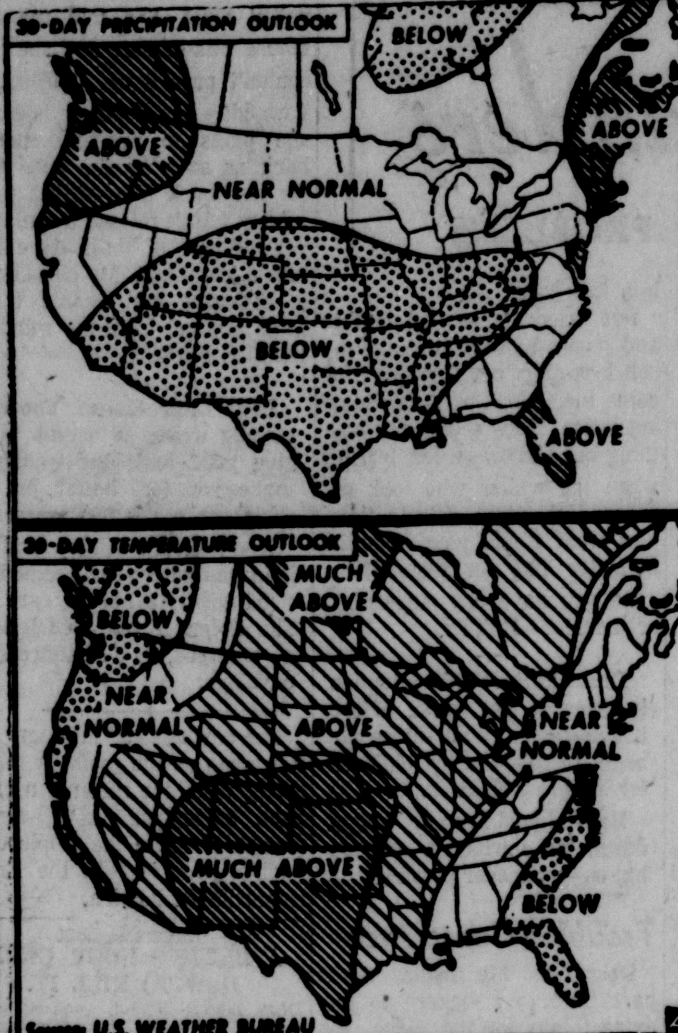

Miss Garland's manager, Karl Brent, said the audience should have accepted her apology for being late.

County, Scotland Student Comparison Results Awaited

LEETONIA — Results of a comparison between Washingtonville school children in the Leetonia School District and their counterparts in Great Britain are being awaited after 142 local children completed the second phase of testing by the University of Toledo, elementary supervisor Jerry Russell reports.

The two-part test was given to children in levels one through six by Marianne H. Mitchell, a UT research associate, as part of the institution's large-scale comparison between British and American elementary schools.

Robert L. Gibson, UT assistant dean and professor of education, has advised Superintendent Victor Wood that the results of the study are expected to be ready for distribution in August.

The testing in 17 British schools has been completed and the study in as many American schools, including Washingtonville, is near completion. A total of 8,000 pupils are involved. A Scottish school was chosen as the counterpart of the Washingtonville school.

Gibson said the research is aimed at determining whether British students accelerate faster than American pupils at specific periods in learning English, mathematics and reading. British schools in the test are scattered throughout England, Ireland and Scotland. The American schools are in Ohio, Michigan, Pennsylvania and West Virginia. The study is supported by a grant from the U.S. Office of Education to Toledo University.

Among those on the program will be Ben Ranson, assistant director of the State Department of Health; that department's division representative from Cuyahoga Falls; L. J. Reimer of Maumee, the village's financial adviser on the sewer project; and George Johnson of the Dastoli Engineering Co. of Youngstown, project engineer.

The school program for next year will return to the same schedule that was maintained during the fall semester of 1963. Renewed activities will include the speech and hearing therapy, transportation for kindergarten pupils and other services curtailed by the failure of the school levy in November, 1963.

MAKING DOUBLY SURE

NASHVILLE (AP) — Everything appeared normal when Patrolman William O. Rogers answered a burglar alarm at a

local auto company. A salesman was making a pitch to a customer in the showroom. To make doubly sure, Rogers entered the rear of the building to look around.

Meantime, the salesman and customer left, locking the front gate on the way out. Rogers was finally rescued when a superior officer drove by and noticed him trapped inside the company's high wire fence.

An Arment's cowbird, with a coat of seal brown, which makes him different from the usual all-black cowbird, is an acquisition of the Washington zoo. Not seen since 1866, the species was thought extinct and this specimen came in a shipment of miscellaneous birds from Colombia, South America.

Mr. and Mrs. Karl Yungbluth of Fowler called on her aunt Mrs. Frank Good, and Mr. and Mrs. A. W. Moore.

Mrs. Everett Chapman returned home from Titusville, Fla. after taking care of her

brother, Donald.

John Wilms received a plaque for 12 years of perfect attendance in the Leetonia School.

Riverlake Association Meets Monday

The four-county Lake Erie-Ohio River Highway Association will elect directors and officers at its annual reorganization meeting Monday night at 6:30 at the Town and Country Motel near Youngstown.

Four members will be named to the 12-man Board of Directors and the board in turn will elect officers for 1964-65.

The present officers are: J. Paul Mossman of Youngstown, president; A. P. Morris of Salem, vice president; Harold Mills of Warren, treasurer, and A. C. Patterson of Ashtabula, secretary.

Mossman is executive vice president of the Youngstown Area Chamber of Commerce and is in his second term as president of the highway association. Morris is manager of the Columbiana County Motor Club. Mills is executive secretary of the Warren Chamber and Patterson holds a similar position with the Ashtabula Chamber.

Directors in expiring terms are Mossman, Mills, Patterson and Atty. Francis H. Lang, charter president of the association and chairman of the highway committee of the East Liverpool Chamber.

The board is comprised of three representatives from each of the counties which the association serves — Columbiana, Mahoning, Trumbull and Ashtabula.

The two other Columbiana County representatives on the board are hold-overs, as they were elected to three-year terms in 1963. They are Morris and E. R. Chandler, executive manager of the Liverpool Chamber.

Chandler is chairman of the four-man nominating committee which will propose slates for the election of the directors and the officers serving with Chandler are Adam Andrews, secretary of the Girard Chamber, representing Trumbull County; Wesley Ferbrache, manager of the Ashtabula Auto Club and Ashtabula County's representative on the committee, and Walter Scott of Youngstown, Mahoning County representative.

The association's meeting will follow dinner. After the election of the directors, the board will convene separately to name the officers. The association is comprised principally of auto clubs and Chambers of Commerce in the four counties the highway (State Route 11) will serve. With sections already completed, it eventually will stretch from the Ohio River at East Liverpool to Ashtabula on Lake Erie.

Crash of Train, Truck Injures 2

PAULDING, Ohio (AP) — Railroad crews worked today to

clear the tangle of wreckage from Wednesday's crash of a loaded, 107-car freight train and an egg-laden tractor-trailer, which left the truck driver critically injured and three trainmen injured less seriously.

The fast freight—powered by four diesel engines—slammed into the truck at a crossing on Ohio 113 in nearby Melrose, touching off a pile-up of 65 freight cars.

Freight from the Nickel Plate train, which consisted in large part of automobiles being carried piggy-back style on truck-trailer rigs, was strewn over a large area as the train came together like an accordion.

There have been no official damage estimates but a railroad spokesman unofficially estimated that damage would exceed \$1.5 million.

The truck driver, 40-year-old John C. Loer of Route 1, Clay-

pool, Ind., was thrown from the truck. He was first taken to De-fiance City Hospital, but later transferred to Parkview Hospital in Fort Wayne, Ind., where his condition was reported as critical.

The train's engineer, Dak I. Rider, 53, of New Haven, Ind.; brakeman H. G. Haenel of Fort Wayne and crewman E. V. Stoops, 55, of Laotto, Ind., all were treated at hospitals for lesser injuries.

395 Farmers Register In Wheat Program

A total of 395 Columbiana County farmers have signed up so far for the 1964 voluntary wheat program, according to J. Glenn Bates, chairman of the Agricultural Stabilization and Conservation Committee.

This is 65 more than signed up last year. The deadline was extended one week from May 15 to tomorrow.

This year's sign-up has been voluntary. Only those who participate in the program will be eligible for diversion payments, marketing certificates on most of the wheat production, and price-support loan on all their 1964 wheat crop, Bates said.

The payments will be based on 20 per cent of the county price-support loan rate times the farm normal yield, with provisions made for diverting additional wheat acreage under the program.

County Thinc lads In State Track Meet This Weekend

Five Salem Boys Entered

Columbiana's Ward Set For 3 Dashes

By MARK W. MILLER

Columbiana County athletes will mix with one of the classiest fields ever, when they compete in the annual state track and field meet at Columbus Friday and Saturday.

One of the top attractions in the carnival will be Columbiana's great sprinter Jim Ward, in the Class AA division.

Five Salem stars will seek school marks in the mile-run and mile relay.

A senior and three juniors will try for a new Salem record in the relay. During the district meet, the unit missed by one second of establishing a new standard, when they were timed in 3:31.9.

John Zilske, Art Spack, Dave Taus and Bill Beery set the mile-relay record a year ago in 3:30.9.

MEMBERS OF THIS year's four-man squad are senior Red Wilson and juniors Tim Hutson, Tom Hutson and Dave Coy.

Tim Hutson ran the anchor-lap in Salem's winning effort in the district carnival in 50.3 seconds, which is his fastest quarter-mile for the season.

Tom Hutson, who has been clocked in 52 flat, ran his 440-yard relay lap in 53.2 last Friday. Dave Coy, who has a 53 timing for the distance, came in in 54.5, and Wilson, who has been clocked in 53, started the district relay and ran the first lap in 54.1.

"If the four boys should run at their best times or a shade better, they could run the relay in 3:28 or better," said coach Karl Zellers.

Veteran John Tarleton, Salem's distance star, has a top effort in the mile-run of 4:31. The best mark this season in the state is 4:18.

One of the hardest working boys on the squad, Tarleton has his eye on the all-time school record of 4:28 set by Harold Walker in 1929.

WARD OF COLUMBANA will be featured in the 100-yard dash, 220-yard dash and 440-yard dash.

In the century this campaign his best time has been 9.7 seconds. His top effort in the 220 has been 21.6, and 48.5 for the quarter-mile.

During the past two weeks, Ward was instrumental in winning the Columbiana County and Class AA district meets, in which he set a total of three records and tied another.

Coach Waldo Ward is also taking to the classic Fred Gosney, who will compete in both hurdle races and the 880-yard relay.

The Clippers' half-mile team was timed in 1:32.6 to tie with Youngstown South in the district meet. It was the best mark so far for the Columbiana unit this season.

Rich Perrin, another dash specialist, is a member of the 880-yard relay squad. The other two members are Tom Cope and Aivers Dukats.

EAST PALESTINE will be represented by Dave Keylor in the pole vault and Bill Fullerton in the 880-yard run. Both boys are juniors. Bill Ward is their coach.

Curt Battistelli, who competes only in the half-mile run, is entered in the distance from East Liverpool.

He earned his berth by winning the 880-yard dash in 2:00.5 for a record at the Bellaire district meet.

He set the record in the Columbiana County meet two weeks ago, when he won the half-mile race in 2:02. His coach is Norman Six.

Warren Bradley is Beaver Locals only representative to the meet. He finished third in the 120-yard high hurdles in the Salem district classic in 15.4 seconds.

His best effort was in the Buckeye Border Conference, when he dashed the high timbers in 15.3. Ed Steven's is the Beavers' track mentor.

COACH DON BORGAN, in his first year at Crestview, has two boys set for action in the Class A division. Jerry Tupper, who is the top small-school discus thrower in the district has thrown the platter 142 feet, 10 inches for his best toss this season.

James Mercer, a Rebels' junior, won the 880-yard run in the district meet at Struthers last Saturday in 2:09.6.

Doug Hauer, a junior, is Lee-tonia's only entry. He placed second in the 880-yard run in the district event, but his best time was recorded during the county meet, when he was caught in 2:08.9. Coach Karl Kokor will be making the trip to Columbus.

Phillies Move Into 1st Place, Dump Giants 7-2; Bucs Triumph

By MIKE RATHET
Associated Press Sports Writer

"It can't go on," said Willie Mays.

He's right. One of these days he's got to get a hit.

Mays made the prediction less than two weeks ago when he was smacking the ball at a .478 clip, but it's just as apt now with Willie struggling to break out of a deep slump that has shriveled his average to .393.

Mays went hitless for the fifth straight game and Juan Marichal had his 12-game vic-

tory string snapped Wednesday as the San Francisco Giants lost to Philadelphia 7-2 and tumbled into second place behind the National league-leading Phillies.

Mays' 0-for-3 performance dropped him under the .400 mark for the first time since the opening days of the season and left him with a string of 10 hitless trips to the plate. In the last nine games, Mays is only 3-for-27, a .111 clip that has whacked 85 points off his batting average.

John Callison of the Phillies

added to his average with a 5-for-5 performance, stroking a homer and four singles, driving in three runs and scoring twice as the Phillies handed Marichal his first defeat since Aug. 30, 1963, and left the Giant ace with a 6-1 record.

Meanwhile, the St. Louis Cardinals moved to within one game of first place by edging the Chicago Cubs 1-0 behind Bob Gibson's four-hit, 12-strikeout pitching.

Elsewhere, Joe Torre hit a grand-slam homer and drove in five runs in Milwaukee's 7-3 victory over Cincinnati, the Los Angeles Dodgers defeated the New York Mets 4-1 and Pittsburgh nipped Houston 4-3.

Mathis Cops Heavyweight Crown

10-Man U. S. Olympic Boxing Team Solid, Says Coach Lenn

NEW YORK (AP)—The coach of the American Olympic boxing team doesn't want to go out on a limb until he sees what other nations have to offer but he believes "we have a good, solid team."

The 10-man team determined by the three-day Olympic Trials which ended Wednesday night, includes Buster Mathis, the 6-foot-3, 295-pound, 19-year-old giant from Grand Rapids, Mich. Buster, known also as Little Big Daddy, delighted most of a crowd of 1,500 in the Singer Bowl at the World's Fair by outspeeding and outpointing Joe Frazier, the 195-pound knockout artist from Philadelphia, in the heavyweight wind-up of a rousing card of 10 finals.

"He's real fast for a big man," said M. Sgt. Freddie Lenn of the Camp Pendleton Marines, who will coach the Tokyo-bound boxers. "He makes good moves and jabs well. He's a good boy."

Competent observers, including pro managers Cus D'Amato and Gil Clancy, feel that Uncle Sam has a first-rate team.

The other nine winners were flyweight Bob Carmody, 25, of Fort Campbell, Ky., and Brooklyn; bantamweight Lou Johnson, 25, of Bolling AFB and Portland, Ore.; featherweight Charley Brown, 25, of the Camp Pendleton Marines and Cincinnati; lightweight Ron Harris, 17, of Detroit; light welterweight Charley Ellis, 20, of the Army's

Eighth Division and Louisville; welterweight Maurice Friot, 23, of Camp Pendleton and Denver; light middleweight Toby Gibson, 21, of Spokane, Wash.; middleweight Jim Rosette, 26, a Navy airman from San Diego; and light heavyweight Harley Cooper, 29, of the Offutt AFB, Omaha.

SJBL Preview Games Scheduled Sunday

Tribe Opens Series With Detroit Friday

Left-Handed Pitchers Give Cleveland Batters Trouble

CLEVELAND (AP) — The

Cleveland Indians got a bad dose of lefthand medicine from the Detroit Tigers at the start of this week, and they probably will get another dose of the same before the week is out.

Southpaws Hank Aguirre and Mickey Lolich beat the Indians handily in a doubleheader Sunday at Detroit. The Tigers aren't likely to forget this fact when they come here Friday to open a four-game weekend series.

Cleveland manager Birdie Tebbetts said at spring training camp before he was sidelined by a heart attack that if the Indians "are going to discourage other teams from saving their left handed pitchers for us, we've got to rock a couple of them early in the season."

"Once we do it a couple of times, we'll be a lot better off," Tebbetts added.

Acting manager George

Strickland shares this philosophy, but the Indians have yet to rock those southpaws. After Lolich and Aguirre gave them the blues, the Indians saw another lefty, Gary Peters, in Chicago Tuesday night. The Tribesmen managed to put together five runs but couldn't hold the White Sox and lost 6-5. This evened their season record against lefthanders at 5-5.

The Indians were idle Wednesday and today.

Killebrew's 2 Homers Spark Twins' 7-4 Win

Baltimore Near Top, Whips A's 8-3; Senators Trounce Detroit

By MURRAY CHASS

Associated Press Sports Writer

Boog go Boog!

That might sound like baby talk, but it's carried the Baltimore Orioles into a virtual tie for first place in the American League.

Boog is John Powell, the Orioles' 22-year-old left fielder whose bat has been booming recently. He clouted a two-run homer Wednesday night in Baltimore's 8-3 triumph over Kansas City.

The victory put the Orioles even in games but 27 percentage points behind the Chicago White Sox, who were idle Wednesday.

In his last eight games, Powell has slugged five homers, knocked in 12 runs and has batted at a .435 clip. His surge has raised his average 69 points to .233. His home run total is seven.

Baltimore has won six of the eight games and 10 of the last 13.

Powell's two-run homer in the latest victory climaxed a five-run rally in the fifth and helped Milt Pappas to his third straight victory after two defeats.

John Kennedy and Harmon

Killebrew also were batting stars in the AL Wednesday.

Kennedy smashed two home runs and a single as Washington trounced Detroit 10-3. Killebrew hit his 10th and 11th homers in Minnesota's 7-4 victory over New York. Boston nipped

Los Angeles 4-3 in the other game.

In the National League, Los Angeles stopped New York 4-1, St. Louis nipped Chicago 1-0, Pittsburgh eased by Houston 4-3, Milwaukee downed Cincinnati 7-3 and Philadelphia whipped San Francisco 7-2.

We have a winner in the Super Torque Ford, a car so well built, so predictably tough, that competition-modified Fords took eleven of the last twelve NASCAR 500-mile races. Ford sales are up 17% this year. We have a luxury car that's taken off like a skyrocket: Thunderbird, with sales up 68%. Falcon is selling almost as many cars as Valiant and Chevy II combined. Fairlane continues to be a favorite in its own field. Now comes Mustang... turning the trend to Ford into a downright stampede. Mustang, by any measure of sales or excitement, is the most successful new car ever introduced in America—ever. When you see a stampede, it makes sense to find out what started it. That's something only your Ford Dealer can tell you about.

OFFICIALS AT SJBL AWARDS PROGRAM — Officials attending the Salem Junior Baseball League's award program at Salem Junior High School auditorium last night were (l. to

r.) Martin Polder, Charles Tomlinson, George Equiz, guest speaker Pat O'Day, scout for the Cleveland Indians, Robert Whitehill, Ford Joseph Jr., Glenn Whitehill and Pete Sanders.

John Herman Given Resolution At SJBL Recognition Event

John Herman, "The father of Salem Junior Baseball," was formally presented with a resolution passed by City Council Jan. 21 when the Hot Stove awards program was held in the Salem Junior High School auditorium Wednesday night.

The resolution and a plaque were presented to Herman by Council President Ford Joseph Jr. for his 15 years service and leadership in directing the baseball program in Salem.

It also recognized him for organizing and conducting various charity drives, and for being a former member of the county draft board.

A Salem School Board member, Herman is a past comman-

der of the American Legion and has held local, county and state Hot Stove League offices.

He has been instrumental in forming parades, and has organized and conducted various other civic projects. He is Constable of Perry Township.

PAT O'DAY, a scout for the Cleveland Indians, was guest speaker last evening.

The SJBL Mothers Auxiliary presented George Begalla and Wayne Washington with trophies for participating in all five baseball leagues. The two athletes, both seniors, started in Class H, then competed in Class G, F, E and American League baseball.

PRESENTATION OF Championship and runnerup trophies were given by the league commissioners.

In Class H, Joe Lyons gave awards to Dairy Isle and Hobbycraft; Class G, Charles Matlevi to Petrucci and Hunts Independent Union; Class F, Ralph Mancuso to Elks 305 and Sekely; Class E, Bill Oderizzi to Famous Market and VFW; and American Legion, Roger Tuel presented awards to Alfred

Wedgewood Post 374 of East Liverpool and Charles H. Carey Post of Salem.

Various individuals and organizations were presented with the American Legion certificate of appreciation; and league official and executive board members were given certificates of participation.

RICHARD LEIDIG, president of the State Hot Stove League, praised Salem for its organized baseball program and stated unofficially that Salem would again be the site for the sectional Hot Stove tournament.

Charles Tomlinson, director of city recreation and parks, was presented a trophy for directing the sectional tourney here the past two years.

Guest speaker O'Day told the young athletes not to neglect their education. He pointed out that some scholarships are given by universities and colleges throughout the nation.

He also emphasized to the players that conditioning was important, and that there should be no "horse-play" in organized baseball telling his audience this was the reason for many accidents.

Giants Sell Don Larson To Houston

SAN FRANCISCO (AP) — Big Don Larsen, a hero when he pitched a perfect World Series game for the New York Yankees, has moved again, this time for only the \$20,000 waiver price.

The San Francisco Giants announced Wednesday they asked waivers on the 34-year-old right-hander and the Houston Colts claimed him.

Larsen hurled the first no-hit, no-run game in World Series history. He beat Brooklyn 2-0 Oct. 8, 1956, and not a Dodger reached base.

Exactly six years later in the same Yankee Stadium, Larsen beat the Yanks in relief while hurling for the Giants in the 1962 series.

He's also pitched for St. Louis-Baltimore, Kansas City and Chicago of the American League.

The release on waivers of Larsen was one of three moves by the Giants. They put pitcher Jim Duffalo on the injured reserve list to recover from a fractured rib and brought southpaw hurler Ken MacKenzie up from their Tacoma farm club.

With the Giants in 1962, Larsen was 5-4 as a reliever and last season was 7-7. So far this season he was 0-1 with a 4.35 earned-run average.

TV-Radio Today

By ALAN GILL

The panelists of that week—Joan Fontaine, Arlene Francis, Dick Shawn, Sandy Barron—sat about the horseshoe table crackling with the two contestants of the day a mid-western housewife and a sandy-haired gentleman from New Jersey.

The game was the new Goodson-Todman confection, "Get the Message," which turns up on your ABC TV channel in the vicinity of the lunch hour, Monday through Friday.

MISS FRANCIS was feeding a one-word clue, "grapes," to the housewife, hoping it would suggest the old Mae West line, "Come up 'n' see me sometime." (Mae had told her maid, "Beulah, peel me a grape.")

"My!" said Miss Fontaine. "Aren't we giving Proustian clues today!"

And I hope that gives you some idea of how classy this show can get.

Over these deliberations, a young fellow named Frank Buxton presides—a crew-cut, intelligent, undergraduate sort of fellow with the bonhomie of an Eskimo Pie salesman. (These, incidentally, are also among the qualities Burton has been bringing to the excellent children's show, "Discovery.")

BUXTON hangs over his lectern, keeping things moving but not with that mortal dread of short silences that afflicts other game show coxswains.

When the taping was completed that Friday shortly after the noon hour, Buxton hopped about saying goodbye to the crew and then went sloping down 58th st in New York in search of a cab that would take him to La Guardia Airport, whence he would go winging to his wee house in the woods of New Hampshire, where he would remain until the following Tuesday night, at which time he'd

be ready to tape another round of "Get the Message."

Whe! What a life!

"WELL, with 'Discovery' in reruns, it's a nice schedule, all right," said Buxton, as our cab took off in the direction of an East Side butcher shop. (Buxton was picking up a few pounds of kidney for his pussycats on the way.)

"My wife, Elizabeth, and I picked New Hampshire because of the skiing, mainly, and to get all the way out of this." He gestured toward an esthetically painful landscape beyond the windows.

Regarding "Get the Message" Buxton said he felt the game has picked up since the rules name clues now being permitted—and commented queasily on the resemblance of that day's male contestant to Charles Van Doren.

"And he didn't miss one darn message!"

HOW DID BUXTON get the "Message" job to begin with? "That's funny," he said. "My agent, Tom, is a mumbler, and one day he called Jack, my manager, and said, 'Get Frank up to Goodson-Todman next Wednesday. They need an m.c. for the mumble-mumble show.'"

"Well, Jack thought he said, 'for the "Palace" show,' when actually the word was 'panel.' 'Hollywood Palace,' eh? I got all set to audition for a ringmaster's job: 'Ladies and gentlemen, the Zoni Family!' Or:

'Popoff's Charming Chimps!'

"Heck, I'd done that sort of thing in high school. You know, when you're applying for the job of lion tamer, you don't bring out your Australian 'Eye Bye Birdie' clippings."

AT THE AUDITION, somebody said something about 'game show' and—groom!—I had to switch gears. But I didn't flinch. Nerves of steel! And they signed me on.

"Mine hasn't been an overnight success, exactly. I used to show up at all those Broadway show auditions and there I'd be spooked."

"However, I haven't done that in ages. I know what I can do what I'm doing just as competently, though I shouldn't let the word get around."

At the airport, Buxton got to talking about comedy, music, TV commercials, the eight book he's writing, pre-1930 movie comedies and the sensible attitude of mother cats to their brood.

"EVERY MOTHER should be a cat," he said rather loudly as we rounded a turn in a corridor. Suddenly, he came upon a queue of passengers waiting to board his plane. All of them were grinning.

A lady said, "And what should every father be?"

A little girl said, "I know you! You're Frank Buxton!"

Frank shrugged his shoulders. He was in for quite a flight.

Gov. Scranton Briefed on World Affairs

WASHINGTON (AP) — Gov. William W. Scranton of Pennsylvania gets a secret briefing on world affairs from the Johnson administration today and goes to Capitol Hill to urge Congress to assist poverty-stricken Appalachia.

In between, he sandwiched plans for a luncheon meeting with William E. Miller, Republican national chairman, although Scranton has insisted time and again he is not a candidate for the Republican presidential nomination.

Miller called the luncheon meeting "just a friendly get-together."

Also on Scranton's agenda was a breakfast meeting with all Pennsylvania members of Congress and a late afternoon reception arranged by Pennsylvania Republicans.

Scranton was the only witness scheduled this morning by the House Public Works Committee in its investigation of the Johnson administration's \$228-million 10-state Appalachia program.

It was at Scranton's request that Johnson added \$10 million to the program to help mining regions of Appalachia, which includes West Virginia and parts of Pennsylvania, Ohio, Kentucky, Virginia, Maryland, Tennessee, North Carolina, Alabama and Georgia.

Scheduled to brief Scranton in midafternoon were Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara and John A. McCona, chairman of the Central Intelligence Agency.

President Johnson had offered the world situation briefings to all announced and potential GOP candidates. New York Gov. Nelson A. Rockefeller was briefed last week. Sen. Barry Goldwater of Arizona and former Vice President Richard M. Nixon declined the offer. Sen. Margaret Chase Smith of Maine and Harold Stassen accepted, but have yet to receive their briefings.

Although he has said he is not a candidate for the nomination, Scranton has stated he would accept a sincere and honest draft.

Because the seed pod of the maple tree is eccentrically weighted, it acquires a spiral twist in falling which can carry it a considerable distance from the parent tree, according to the Encyclopaedia Britannica.

NON-FICTION

THE CASE FOR DEMOCRATIC CAPITALISM by H. W. Case and Paul Dolan. Two professors of political science have endeavored to provide an objective analysis of the strengths and weakness of the American political and economic systems. This is a good place to find the answer to why the American system is the best.

COSTUME THROUGH THE AGES by James Laver. Consisting almost entirely of drawings, this is a good place to find the types of fashion which were current at almost any period in history.

NAMING THE BIRDS AT A GLANCE by Lou Blachy and Randolph Jenks. The authors claim to have invented a new system for identifying birds - and their book is arranged much differently than the usual guide. For one thing, there is no color in any of the illustrations. Each has been drawn to show identifying patterns, and the colors are used for general classifications.

THREE PHILOSOPHICAL NOVELISTS: GIDE, JOYCE, MANN by Joseph Brennan. A study of the work of these three men, but of interest to anyone who enjoys European novels. This is a very different approach to criticism than one finds ordinarily, and is quite interesting as well.

TEMPLES, TOMBS AND HI-EROGLYPHS by Barbara Merz. This author has the seldom found ability to make archeology fascinating to the layman without talking down to him nor yet cheapening the science. She has thus produced a lively history of ancient Egypt.

A STUDY OF THE USSR AND COMMUNISM by Alfred J. Rieber and Robert C. Nelson. Simply and compactly written and illustrated with useful maps and photographs, this is a condensed study of the land, the people, the history, the changes constantly going on in the land of the Soviets.

CHALLENGER by Mickey Thompson and Griffith B-r-geson. This book is as fast-paced as the life of its author, who has driven racing cars faster than any other man living. He tells how he does it in this exciting book.

EDISON by Rex Beasley. A new biography of Thomas A. Edison is always a pleasure, for there was so much that was human and naive in the man with the inventive genius of a giant and the stubbornness to carry on to success through any number of disappointing failures.

THE MEMOIRS OF ZEUS by Maurice Druon. With a dry humor Zeus recalls the history of the gods, from his grandfather, Uranus, to his own rule and his love, with many incidental comments on the state of the world today.
